

## Development of combustion engines SC2: Mixture Formation, Ignition and Combustion

<i>J. Mamala:</i> Analysis of short-time supercharging for the spark ignition engine (PTNSS-2009-SC-001) .....	4	<i>S. Kruczyński, W. Danilczyk, W. Kamela:</i> Influence of active components content on lean nitric oxides traps catalytic properties (PTNSS-2009-SC-061) .....	145
<i>S. Brol, J. Mamala, K. Malewicz, D. Borecki:</i> Application of spectral and wavelet analysis in engine diagnostics (PTNSS-2009-SC-002) .....	12	<i>K. Lejda, P. Woś:</i> A preliminary project of multi cylinder, variable compression ratio (VCR) engine for research purposes (PTNSS-2009-SC-062) .....	152
<i>K. Malewicz, J. Jantos, J. Mamala, I. Hetmańczyk:</i> Fuel octane number control in high compression ratio engine (PTNSS-2009-SC-006) .....	17	<i>M. Lisowski:</i> Modelling of the processes taking place in compression-ignition engine inlet system (PTNSS-2009-SC-063) .....	158
<i>P. Fabiś, B. Flekiewicz, M. Flekiewicz, R. Sroka:</i> Estimation of ic engine fault using wavelet transform (PTNSS-2009-SC-008) .....	21	<i>P. Jakliński, M. Wendeker, J. Czarnigowski, M. Duk, T. Zyska, J. Klimkiewicz:</i> The indicated pressure analyses of aircraft radial piston engine fuelled by 100LL and ES95 gasoline (PTNSS-2009-SC-065) .....	162
<i>B. Dobrowolski, J. Jantos, A. Lenc-Brol, J. Mamala:</i> Research of computer simulated phenomena in an air intake manifold of the spark ignition engine in time of short time supercharging (PTNSS-2009-SC-011) .....	27	<i>A. Bieniek:</i> Analysis of SI engine operating indexes at warming up phase (PTNSS-2009-SC-067) .....	171
<i>K. Siczek, M. Kuchar:</i> The evaluation of possibility for use of the magnetoelectric valve actuator in combustion engine of 2/4 stroke regime (PTNSS-2009-SC-014) .....	34	<i>K. Balawender, H. Kuszewski, K. Lejda, A. Ustrzycki:</i> Test of fuel dose variation of common rail injectors for 4-cylinder diesel engine (PTNSS-2009-SC-071) .....	178
<i>M. Sutkowski, T. Latvasalo:</i> The Wärtsilä 34DF engine for wide fuel flexibility (PTNSS-2009-SC-016) .....	42	<i>J. Merkiś, A. Suchecki, P. Lijewski, M. Bajerlein:</i> The toxic compound emission in the compression ignition automotive engine with laser treatment cylinder surface (PTNSS-2009-SC-078) .....	184
<i>K. Jarczewska, A. Kaźmierczak, R. Wróbel:</i> Wavelet transform in engine's vibroacoustic diagnosis (PTNSS-2009-SC-017) .....	49	<i>K. Cupiał, K. Grab-Rogaliński:</i> Miller cycle modeling in the turbocharged internal combustion gas engine (PTNSS-2009-SC-080) .....	190
<i>P. Comte, J. Czerwinski, C. Astorga, T. Adam, A. Mayer, F. Reutimann, D. Zürcher:</i> Reduction of particle emissions & toxicity of 2-s scooters with different technical measures (PTNSS-2009-SC-019) .....	55	<i>J. Poleszak:</i> Diesel engine management system using crankshaft torsion angle signal (PTNSS-2009-SC-082) .....	196
<i>A. Balcerski, Z. Kneba, J. Kropiwnicki, S. Makowski:</i> The conception of exploitation efficiency of autonomic energy systems of land vehicles and ships (PTNSS-2009-SC-030) .....	70	<i>W. Marek:</i> Analysis of working parameters of a small spark ignition internal combustion engine with a power regulation system by use of exhaust gases recirculation (PTNSS-2009-SC-083) .....	202
<i>Z. Kneba:</i> The idea of the heat storage in heat accumulator for car engine preheating before start (PTNSS-2009-SC-032) .....	77	<i>Z. Nagórski:</i> Investigation of the pm oxidation kinetics by various oxidizers (PTNSS-2009-SC-086) .....	208
<i>M. Ziółkowski:</i> The influence of fuel type on heat balance of medium-speed engine (PTNSS-2009-SC-033) .....	84	<i>J. Czajka, I. Pielecha, K. Wistocki:</i> The application of different image recording techniques for the investigations of the fuel injection process (PTNSS-2009-SC-090) .....	219
<i>A. Ambroziak, D. Kurczyński:</i> The effect of fuel injection advance angle on nitrogen oxides emissions and exhaust-gas smokiness in self-ignition engine running on different fuels (PTNSS-2009-SC-034) .....	91	<i>R. Longwic:</i> Cycle- to-cycle variations of the parameters of the combustion process in the conditions of free running up of the diesel engine (PTNSS-2009-SC-092) .....	225
<i>W. Mitianiec, K. Buczek:</i> A new approach in development of two-stroke engines (PTNSS-2009-SC-042) .....	99	<i>A. Kociszewski:</i> Numerical modelling of combustion in SI engine fuelled with methane (PTNSS-2009-SC-094) .....	232
<i>W. Mitianiec, M. Forma:</i> Simulation and experimental test of spray guided direct fuel injection in a two-stroke engine (PTNSS-2009-SC-043) .....	105	<i>M. Walkowski:</i> Model of fuel flow through the injector and its researches (PTNSS-2009-SC-097) .....	240
<i>W. Mitianiec:</i> Controlling of turbocharger work in SI engines (PTNSS-2009-SC-044) .....	113	<i>K. Koliński:</i> Influence of preheating the catalytic reactor on decrease of emission during start up and heating of compression ignition engine (PTNSS-2009-SC-104) .....	247
<i>W. Mitianiec:</i> Simulation of heat recovery in diesel particle filter (PTNSS-2009-SC-045) .....	121	<i>R. Nakashima, T. Kawakami:</i> A study of combustion characteristics of emulsified vegetable-light oil in small diesel engine for reduction of emissions (PTNSS-2009-SC-110) .....	254
<i>S. Szwaja, A. Jamrozik:</i> Analysis of combustion knock in the SI engine (PTNSS-2009-SC-046) .....	128	<i>J. Hunicz, P. Kordos, W. Kozaczewski, A. Niewczas:</i> Experimental research of the gasoline engine operated in spark ignition and controlled auto-ignition combustion modes (PTNSS-2009-SC-112) .....	258
<i>Ł. Grabowski, M. Wendeker, K. Pietrykowski, P. Jakliński, J. Czarnigowski, R. Sochaczewski:</i> The simulation research of the induction process of a four-cylinder spark ignition engine fuelled by LPG sequential injection (PTNSS-2009-SC-052) .....	136		

<i>B. Sendyka, J. Filipczyk:</i> Twin turbocharging system of medium displacement SI engine (PTNSS–2009–SC–116) .....	264
<i>M. Szlachetka, M. Wendeker, J. Czarnigowski, P. Jakliński, G. Barański, R. Sochaczewski:</i> The comparative research on the occurrence of the fuel film phenomenon in petrol and ethanol fuelled engines (PTNSS–2009–SC–117) .....	269
<i>J. Merkiś, M. Waligórski:</i> Diagnostic assessment of the combustion process run in compression-ignition engines based on chosen methods of vibration signal analysis (PTNSS–2009–SC–120) .....	275
<i>B. Sendyka, M. Noga:</i> Determination of optimal fuel mass relation dosed by a dual-injector fuel system in a spark ignition engine (PTNSS–2009–SC–123) .....	285
<i>B. Sendyka, M. Noga:</i> Modelling of dynamic fuel flow rate of high-pressure injector for DISI engine (PTNSS–2009–SC–124) .....	290
<i>J. Cisek:</i> Analysis of lean homogeneous gasoline combustion through ignition by diesel fuel injection (PTNSS–2009–SC–125) .....	294
<i>S. Szwaja:</i> Time-frequency representation of combustion knock in an internal combustion engine (PTNSS–2009–SC–132) .....	306
<i>K. M. Romaniszyn:</i> Natural gas as a fuel to automotive combustion engines (PTNSS–2009–SC–139) .....	316
<i>B. Sendyka, J. Soczówka:</i> Modification of the si engine parameters with adaptation control of compression ratio (PTNSS–2009–SC–155) .....	326
<i>S. Postrzednik, Z. Żmudka:</i> Influence of charge exchange work on the efficiency of internal combustion engine in part load (PTNSS–2009–SC–158) .....	331
<i>B. Sendyka, M. Cygnar:</i> Theoretical and experimental analysis of the fuel stream in GDI engine (PTNSS–2009–SC–163) .....	338
<i>A. Różycki:</i> Knocking combustion intensity index in a dual-fuel compression ignition engine (PTNSS–2009–SC–165) .....	346
<i>S. Kruczyński, W. Danilczyk, W. Kamela:</i> Hydro-fuel micro emulsions for supplying self ignition engines (PTNSS–2009–SC–167) .....	353
<i>B. Sendyka, S. Kudzia:</i> Influence of turbocharge on work parameters of SI gasoline direct injection engine with spray guided system of load forming (PTNSS–2009–SC–168) .....	360
<i>T. Leżański, J. Sęczyk, P. Wolański:</i> Influence of ignition advance angle on combustion in internal combustion spark ignition engines with semi open combustion chamber (PTNSS–2009–SC–169) .....	365
<i>B. Sendyka, S. Kudzia, Ł. Rodak, M. Noga:</i> The influence of spray guided charge forming on the work parameters of SI gasoline direct injection engine (PTNSS–2009–SC–170) .....	371
<i>T. Knefel:</i> Methodology of determination diesel engine injection rate and dose with the assistance indicator of injection (PTNSS–2009–SC–175) .....	379
<i>T. Knefel:</i> Real time determination of diesel engine multiple fuel injection (PTNSS–2009–SC–176) .....	386
<i>J. Kindracki, A. Kobierna, P. Wolański:</i> Experimental and numerical research on rotating detonation in a small rocket engine model (PTNSS–2009–SC–179) .....	392
